Perfection Plus Limited
PERFECTING THE ART OF CRAFT

Gifts | Awards | Early Learning Tools

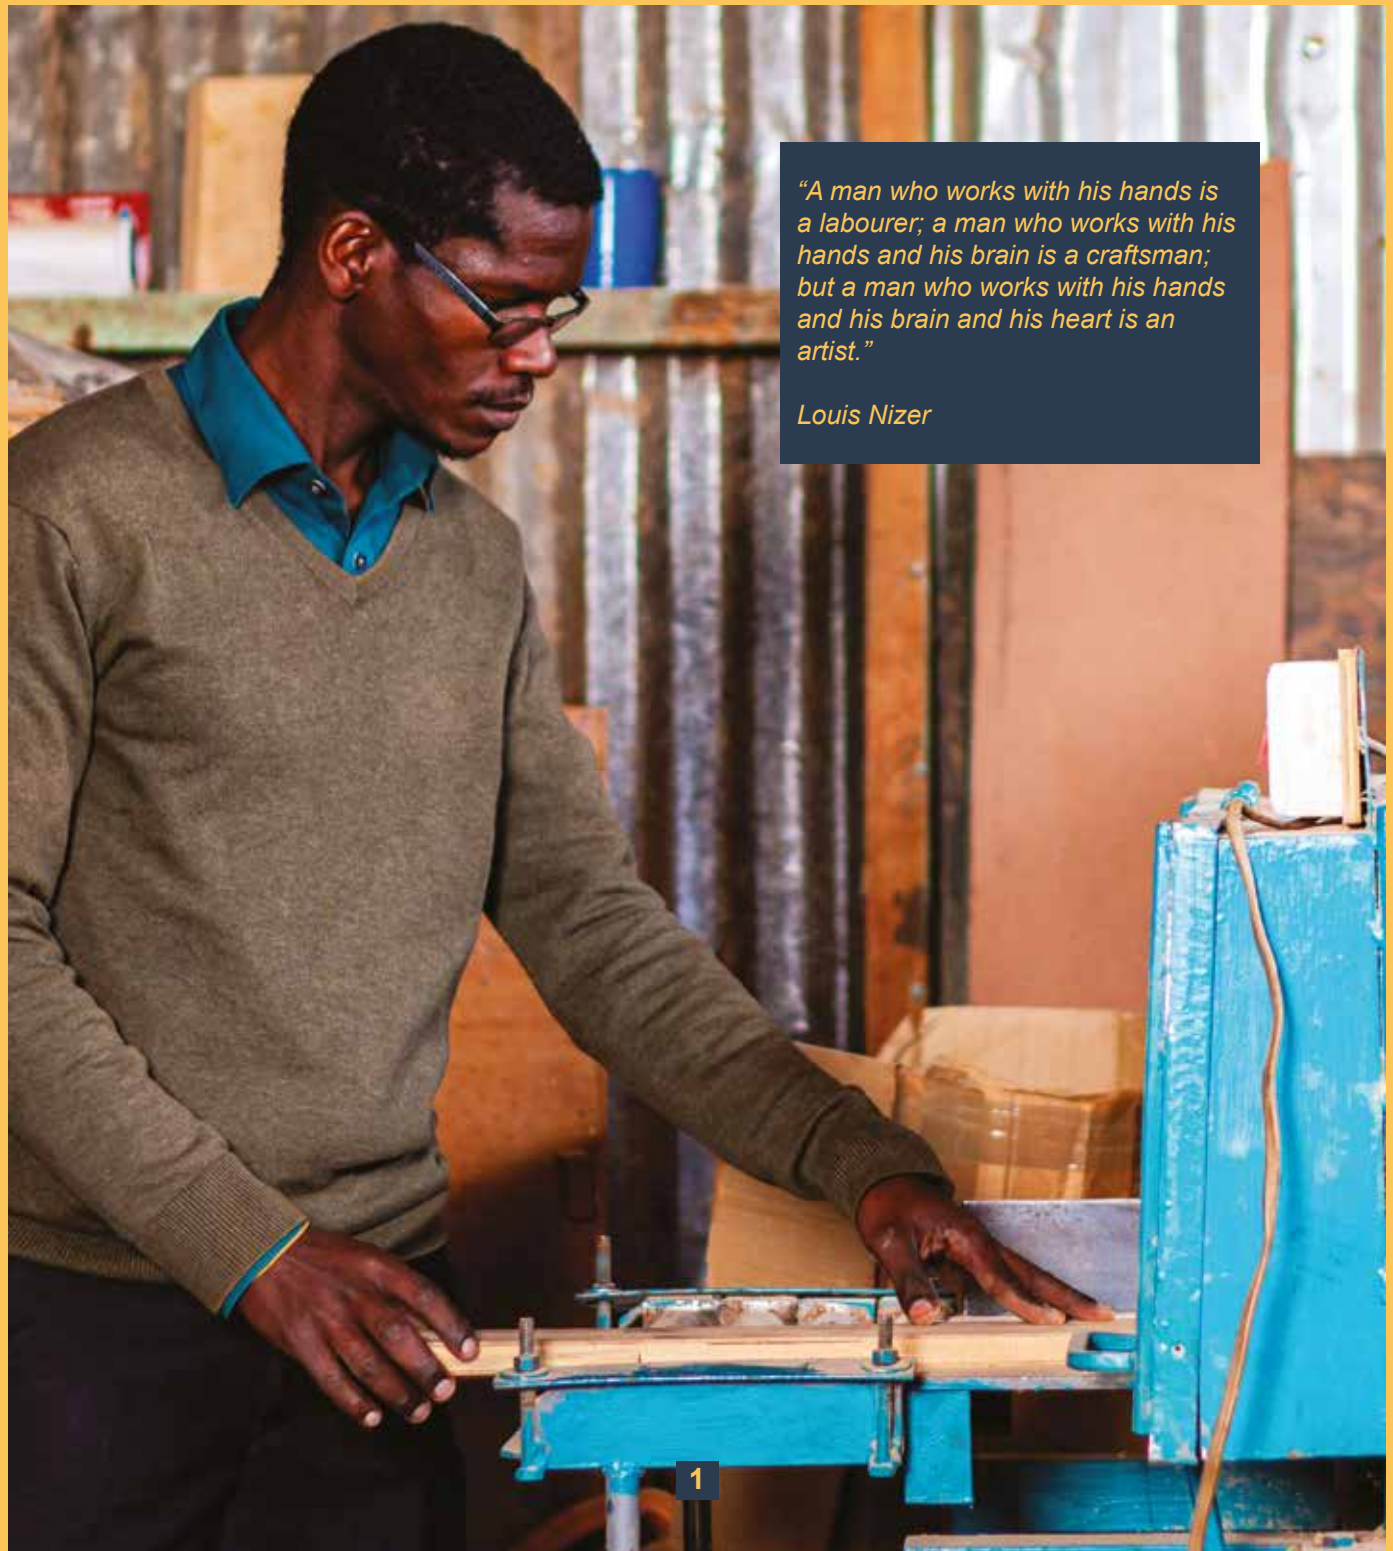

In The Beginning...

The year was 1998 when two artistically inclined brothers decided that they needed an outlet for the creative skills passed to them genetically. A heritage of craftsmanship with its roots in Jamaica was birthed into them by their mother - a missionary to Kenya, who had in turn been mentored by her own mother while growing up in Jamaica.

Thus Perfection Plus Limited (Pplus) was born. Starting its nascent journey with a solid Christian foundation, Pplus takes pride in having been at the place of a catalyst to the establishment of the wooden gift items industry - apart from curios - in Kenya.

Pplus has put much effort into inspiring the informal jua kali wood industry to make the transition from using hardwoods to the more sustainable Jacaranda wood as the base material for carvings and household items.

Our range of products are made from locally sourced materials, and though with an African bias, they are made with the influence and experience spanning five countries, namely Israel, Jamaica, Kenya, Sweden and USA.

"A man who works with his hands is a labourer; a man who works with his hands and his brain is a craftsman; but a man who works with his hands and his brain and his heart is an artist."

Louis Nizer

Vision

To evangelize and edify the world by providing opportunities for the socially & economically underprivileged to produce high quality products of art & craft.

Mission

To penetrate as many markets as possible with holistic and edifying messages through high quality art and craft products.

Core Values

- Faith: believing in the One True Almighty God and the part He plays in our lives and work.
- Holistic development: striving for excellence in quality, sustainability, team work and partnerships.
- Innovation: harnessing technology & our God-given creativity.

Environmentally Sustainable Procurement

Our main materials are the branches of the ornamental and regenerative Jacaranda tree. We prune the 15 Jacaranda trees we have on site as well as run a tree nursery from where we distribute seedlings to various entities. To supplement our trees, we source as much as we can from low income farmers in the community. Other materials are bamboo, mahogany, eucalyptus and processed boards.

Employment from vulnerable groups

Our staff is comprised of individuals who are disadvantaged because they may not have had the financial capacity to complete their basic education. We then equip them with the skills needed to produce high quality wooden crafts.

Scalability/Outsourcing

By rationalizing our production processes to skilled and non-skilled tasks, we are able to offer contractual employment to other members of the community when the need arises to fulfil large orders.

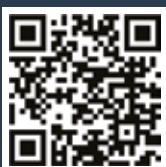

Reli Clubs

We coordinate environmental clubs in local schools that train the next generation on sustainable coexistence with nature.

Supply of Firewood

From the waste generated in our workshop, we are able to supply firewood to members of the community, reducing the destruction of trees, albeit on a small scale.

Online Resources

Access design options,booklets, tutorial videos and more by scanning this QR code wherever you see it.

GIFTS FOR YOU AND ME

Are you stressed about the perfect gift to commemorate a special event? Do you want your gesture to stand the test of time? Look no further than Perfection Plus, the premier custom-gift maker in Kenya, for unforgettable mementos.

BOXES - JEWELRY CHEST

Delicate jewelry needs to be carefully stored to preserve its appearance and avoid blemishes, fading or defacing of any kind. You may keep them in a drawer, but those dainty earrings could fall through a crack and get lost. Or that gold chain may get damaged when other items are placed on top of it.

Our jewelry box has three velvet-lined compartments for different types of jewelry and a mirror on the inside cover of the box.

BOXES - SMALL GIFT BOX

Sometimes you have the perfect gift but lack where pack it in. The small gift box is ideal for that tie or watch you got Dad for Fathers Day, or that brooch you got mum for Mothers Day

Crafted and finished beautifully, this practical box will always be a reminder to your loved one that he or she is special.

BOXES - TEA CASE

This tastefully crafted Tea Box allows you to serve a variety of beverages in an efficient way and will look positively delightful when set on your table before your guests.

Thanks to the use of natural wood in crafting this piece, it is guaranteed to last many years and may even become a family heirloom.

LAMPS - ENKARITEI DESK LAMPS

Bring a little light into your or someone else's life...a different light...a beautiful light.

Enkaritei means lamp or light in Masai. This lightning artwork has artwork on 5 sides inspired by different aspects of nature and contemporary life.

It has a novel magnetic mechanism that attaches the top to the base for easy changing of the bulb when needed.

DESK ORGANISER - BLOCK

The Block Desk Organiser is a simple, no-frills item that comes in handy for keeping your desk neat and tidy. The simple, utilitarian design of this organiser features a laser engraved design on its side, adding life and vibrance to it.

DESK ORGANISER - CLASSIC

The Classic Desk Organiser is suitable for the executive whose desk is neat and organised. With a dedicated space for that executive pen which is used to sign off important documents, together with a storage for other writing and desktop utilities, this organiser features a plaque with a laser engraved design or inspirational text.

DESK ORGANISER - NoBodyNose

This fun, modular desk organizer has multiple uses namely a key rack, phone stand, phone charging station, wallet holder and glasses holder. It gets its name from the glasses holder which is a nose that doesn't have a body.

DESK PLAQUE - CROSS

The symbolism of the cross is a powerful reminder to many Christians of the ultimate sacrifice that was made for us by Jesus Christ.

Used as a free-standing desk plaque or hanging wall plaque, this is a versatile gift and the messaging printed on it can be as unique as the recipient is.

DESK PLAQUE - PRO REC

The Rectangular Projected Wall Plaque features an illustration accompanied by a concise message printed in a large font. This plaque is now available with a unique stand that also combines as a hanger.

MOBILE - "TAKE NOTE" JOURNAL

Our Journal comes in different designs incorporating strips of patterned African fabrics to add a touch uniqueness that sets it apart from other journals. This journal features a leather closing strap with a press-on tab to hold everything in place. The hollowed-out receptacle is just right for your pen or pencil. The journal's pages are replaceable with fresh ones for the new year or when they are exhausted.

MOBILE - EXECUTIVE KEYHOLDER

Our Executive Keyholders can be engraved or printed with fantastic designs either for the corporate client or for the open market. This is the perfect gift that will keep giving back by giving you brand visibility whenever the Key holder is in use.

MOBILE - LASER OVAL KEYHOLDER

The Laser Oval Keyholder is crafted and finished to perfection. Printed with a message of your choice, it is a great memento to give to your friends, colleagues, loved ones, clients, staff and business associates.

VINTAGE WALL CLOCK

Our Vintage Wall Clock is the perfect gift item for the person with a more conservative, traditional taste. It comes with a quote or scripture engraved on its face and is a timeless timepiece to adorn your wall.

A4 WALL FRAME

Our frame will stand out on any wall due to its unique features. The solid wooden frame is engraved with an African print and comes in light or mahogany shades. In addition, the artwork is printed directly onto the glass giving a unique effect where the artwork merges with the wooden background.

D.I.Y WALL PLAQUE

This customized wall hanging comes as a set that you can arrange in a format that pleases you most. Individual pieces are also available.

OVAL PROJECTED WALL PLAQUE

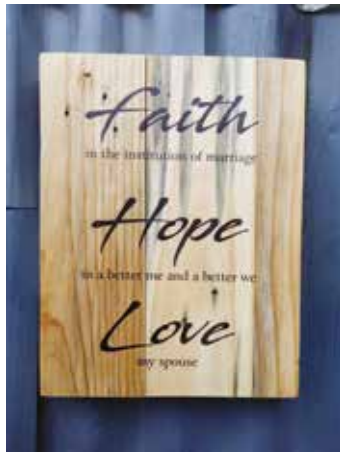

The Oval Projected Wall Plaque is uniquely crafted with wooden projected decorative pieces, together with laser engraved wordings.

This is a great artistic gift that is both traditional and evolutionary in its execution, and is sure to elicit a delighted reaction from its recipient.

PALLET WALL PLAQUE

The Pallet Wall Plaque is a showcase of sustainable production by re-purposing discarded shipping pallets.

Printed in mixed large and small fonts, it comes in different designs bearing a variety of messages that appeals to a wide audience.

SPICE RACK

Light and ergonomic, our wooden Spice Rack will “spice things up” in your kitchen whether you are cooking or not!

This product is easy to install in whatever location you find most convenient.

The spice rack is the perfect accessory to add to your kitchen or as a gift for your loved one who enjoys exercising their culinary talents!

MEDALS & AWARDS

EARLY LEARNING TOOLS

Do you seek functional, easy to use learning tools that enhance your child's educational progress? Perfection Plus offers tactile learning tools that are relatable, simple to use and that promote content retention.

Our products are a blend of Montessori, Competency Based Curriculum (CBC) and Special Needs tools, making them ideal for any Early Learning School system.

MATHEMATICS - ABACUS

Some way of teaching Arithmetic can be fun and exciting while others are just plain boring. An abacus is a great teaching & calculating tool that has been used for thousands of years. Its colourful beads make learning exciting and fun while reinforcing concepts through the child's sense of touch.

Scan the QR code to watch a video on multiple ways to use it.

MATHEMATICS - BALANCING BEAM

The Beam Balance provides a practical way for children to grasp the concepts of weight, volume, mass and density.

MATHEMATICS - CLOCK WHITEBOARD

It's breakfast time...it's lunch time...it's dinner time...it's bed time. But how do we relate these activities to specific times of the day to help children understand the concept of time? We use the clock whiteboard!

It is also a great way to explain the "to" and "past" concepts of telling time.

MATHEMATICS - NUMBER CARDS & COUNTERS

As easy as 1-2-3? Not when you are just starting out in 'number world'.

The number cards and counters help to create an association between the written number and its actual value by matching the counters to the number card. It is bound to keep young minds constructively engaged.

MATHEMATICS - NUMBER RODS SET

This versatile, fun-to-use tool can be deployed when teaching number values, addition, subtraction and fractions.

MATHEMATICS - SANDPAPER NUMBERS

Children like exploring with their fingers, and Sandpaper Numbers, with their textured feel are a perfect tool to develop correct number formation, associate number values and number symbols, as well as differentiate between odd and even numbers. They can also be used for basic addition and subtraction for numbers between 1 and 10.

MATHEMATICS - HUNDREDS GRID BOARD

The Reli Hundreds Grid board comprises of a foldable box with a 10 x 10 square grid on the outside and storage for 100 numbered wooden cards. It has multiple uses in individual or group learning that include addition, subtraction, multiplication, division, multiples, number patterns, number associations and many more.

LANGUAGE - ASCENDING SHAPES

This set of basic shapes is used for a wide range of learning experiences from building motor skills, identifying shapes and recognizing colours, to differentiating sizes for young children. The same set of tools is used to teach the concepts of area and perimeter to older children. Scan the QR code to watch a video on different ways to use it.

LANGUAGE - CLASSIFIED PICTURE SET

This is one of the most basic tools used to teach young minds different subjects, ranging from objects that we use daily and animals we may encounter, to different elements that comprise our environment. It builds association, coordination, motor skills and observation by using sets of common objects in our environment.

LANGUAGE - LACING CARDS

Threading the lacing card leads to development of eye-hand coordination, concentration, fine motor skills as well as building creativity in young minds. The colours on the circular lacing card have been strategically placed to teach the primary colours, secondary colours and the relationship between the two.

LANGUAGE - LETTER/NUMBER WHITE BOARDS

Practice makes perfect. We supply numbered, lettered or ruled whiteboards to enable children to practice as many times as they wish until they get the correct letter or number formation.

With a bit of training, the children learn to write on this white board instead of other surfaces.

Scan the QR code to watch a video on multiple ways to use them.

LANGUAGE - MOVEABLE ALPHABET SETS

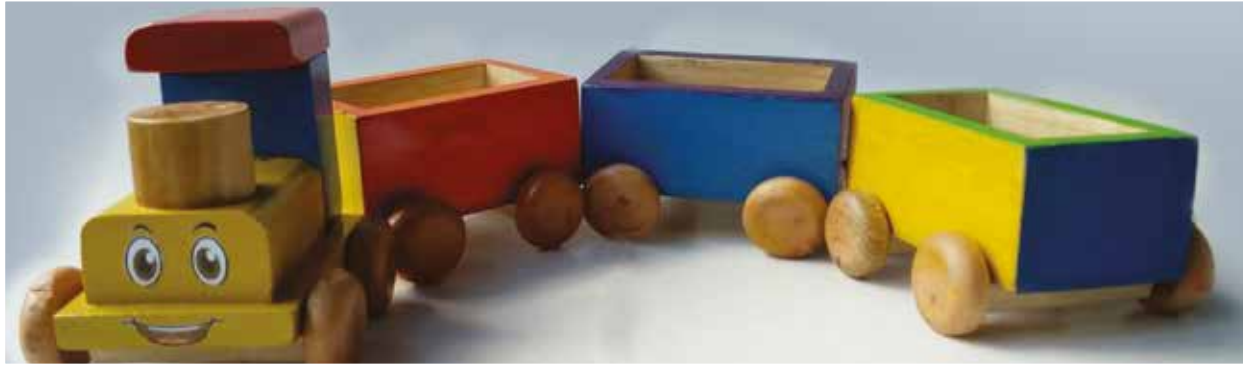

This interactive alphabet learning tool comprises a set of 260 cut out letters. It enables young learners to build their spelling skills in an engaging way, and introduces them to vowels and consonants, which are colour coded to distinguish one from the other. It will keep your toddlers engaged for hours.

LANGUAGE - SANDPAPER SOUNDS

Children learn using all their senses. The textured letters engage the senses of touch and sight, to enable the child explore letter formations. This tools is also used to differentiate vowels from consonants as well as form simple three and four letter words.

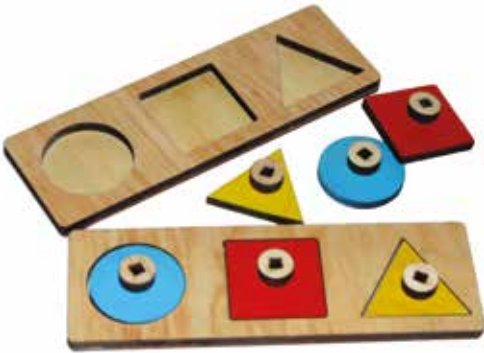

We have to pleasure of introducing Reli, our Experiential Education ambassador. Any place you see him, his picture or his name, you can be assured of educational tools or games that will engage both your mental agility and your dexterity.

A SNEAK PEEK AT PPLUS RELI CLUB

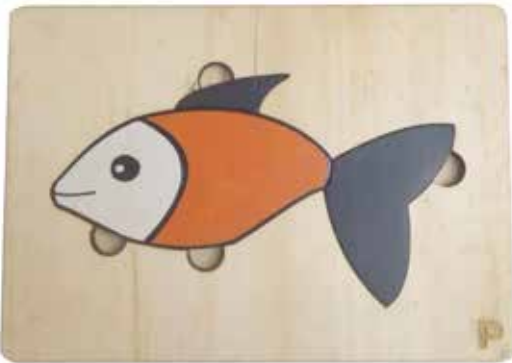

Artistic talent is God-given and those among us who are blessed with this gift have a responsibility to nurture it in the younger generations. Pplus Reli Club has a vision to not only do this, but to also inculcate in the young ones a love for and stewardship of the environment, so that they can embrace a spirit of sustainability and harmony with regard to nature.

LANGUAGE - TODDLER SIMPLE PUZZLE

The quickest way to build a toddler's cognitive skills is to engage in educational toys like this simple puzzle. It is also used to trace out the shapes for hours of colouring fun.

OTHER - 4 PIECE PUZZLE

This tool develops cognitive mental skills and spatial orientation, both of which are important elements of logical thinking, as well as reinforce motor skills.

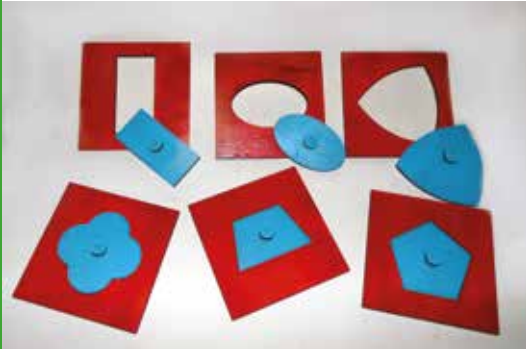

OTHER - DRESSING BOARDS

The Dressing Boards promote independence in children and prepare them to wear their own clothes. It comes as a set of 6 different fasteners that are used in clothes. A fringe benefit is the independence developed can be transferred to other areas of learning.

OTHER - METAL INSERTS

This tool develops children's pencil grip, fine motor skills and learning how to draw within an outline. They also enable children to develop and practice concentration and order. Scan the QR code to watch a video on how to use it.

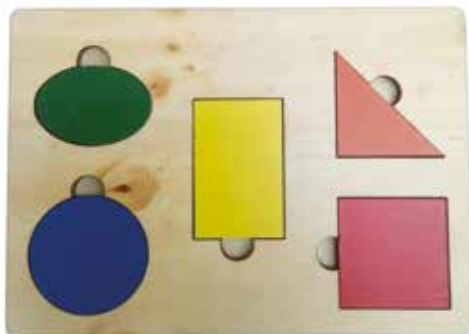

OTHER - PUZZLE BLOCKS

Ever heard of 6 puzzles in 1? This puzzle block does just that! In addition to being used as building blocks for tiny tots, the puzzle blocks create 6 puzzles themed around common lessons for early years like clothes, shapes, fruit and more. Scan the QR code to watch a video on how to use it and the different available options.

OTHER - SORTERS

The sorter is an upgrade of the 4 piece puzzles in that there are more pieces to fit into the board. They are also themed with images from common lessons.

OTHER - STAMP SET

The stamp set comes with a stamp pad, handle and 4 themed interchangeable stamps. Extra stamps can be purchased to expand a theme. They are ideal for saving teachers time as they can replace drawing in students books for colouring, matching, naming and many other activities.

Scan the QR code to watch a video on multiple ways to use it.

D.I.Y - ABACUS

The Abacus is one of the most popular D.I.Y class projects.

Should you be uncertain of where to get one, we have made it easy for you by availing a complete kit, ready to be assembled by your pupils

Scan the QR code to watch a video on how to assemble it.

D.I.Y - BEAM BALANCE

The Beam Balance is another popular project undertaken by pupils in class.

We have the complete kit, ready for your little ones to assemble in class.

Scan the QR code to watch a video on how to assemble it.
